PROFESSIONAL SUMMARY

*Results-driven **Data Analyst/** **Power BI Developer** with **3.5+ years** of experience in data visualization, KPI reporting, and strategic decision-making. Proficient in **SQL, Python, R, Power BI, and Tableau** with expertise in AI-driven analytics and product life cycle insights. Adept at **data modelling, ETL, and business intelligence** to drive organizational growth. Seeking to leverage data-driven insights in a challenging role.*

CORE & TECHNICAL SKILLS

- **Power BI:** Power BI Desktop & Service, **Dashboards/Reports**, Workspaces, Publishing, Apps, **Gateway**, **Scheduled Refresh**
- **DAX: Advanced Measures**, **Time Intelligence (MTD/YTD/YoY)**, **KPI Calculations**, Rolling Trends
- **Data Modelling: Star Schema**, **Fact/Dimension Tables**, Relationships, **Model Optimization**
- **ETL: Power Query (M)**, Data Cleaning, Transformation, Merge/Append, Data Validation
- **SQL & Databases: SQL (Joins, CTEs, Aggregations)**, BigQuery, Oracle, MongoDB
- **Analytics Tools: Excel (Pivot, VBA)**, Tableau
- **Programming: Python**, R, C/C++, HTML, Tailwind CSS
- **ML/AI:** TensorFlow, OpenCV, **NumPy**, **Pandas**, Matplotlib
- **Tools:** Jupyter, PyCharm | **Version Control: Git**, **GitHub**
- **Support: Production Troubleshooting**, **Refresh Issue Fixes**, **Stakeholder Communication**, **UAT Support**

WORK EXPERIENCE

Admin – Data Analyst ***Feb 2024 – Feb 2026***

Market Maven Research , *Bengaluru, Karnataka (**www.themavenstocks.com**)*

- Directed **CRM operations** by generating**, filtering**, and assigning leads to a **100+ member** sales team, improving efficiency and data accuracy.
- Developed and maintained a centralized **Master Sheet** to track client records, payments, purchased services, complaint logs, and client status (normal/premium), enabling data-driven insights for stakeholders.
- Designed and delivered monthly **sales presentations, dashboards**, and reports showcasing performance metrics, client insights, and revenue trends for management review.

Market Research & Data Analyst (Startup Experience) ***Oct 2022- Jan 2024***

TRIO Clothing's , *Kathmandu, Nepal **(www.trioclothigs.com)***

- **Researched market trends** and **customer preferences** to identify **high-demand clothing categories** across India and Nepal, guiding **product development strategy**.
- **Recommended cost-effective raw material sourcing** locations in India, reducing **procurement costs** while maintaining **product quality.**
- **Analyzed competitor landscape** and **seasonal demand** to provide **actionable insights** that strengthened the **startup's market entry and growth strategy.**

Power BI Developer & Data Analyst ***April 2022 – Present***

Freelancing -Remote Work

- **Engineered scalable data models** and **automated workflows** using **Power BI (DAX, Query Editor), SQL, Python,** and **Power Query** , achieving **99% reporting accuracy** and reducing processing time by **40%.**
- **Designed interactive, mobile-optimized dashboards** in **Power BI, Tableau, and Google Data Studio**, delivering near **real-time analytics** that influenced **executive decision-making and strategy.**
- **Integrated and cleansed multi-source data** (Google BigQuery, IBM Cloud, public APIs) with intelligent **automation scripts**, reducing reporting errors by 95% and enhancing **analytics depth.**
- **Collaborated with stakeholders** via **Power BI Service** to translate complex outputs into actionable insights, leveraging predictive DAX measures to forecast KPIs with **90%+ accuracy** for proactive business planning.

INTERNSHIP & TRAINING

3 Months- Internship – Data Analytics Program

Labmentix | Jan 2022 – April 2022

*• Completed hands-on Data Analytics & AI internships focused on real-world projects using **SQL, Excel, Power BI, Tableau, and Python**, with mentorship-driven learning and practical reporting.*

*• Built end-to-end dashboards and analytics solutions, applying **Python (Pandas, Seaborn), SQL, MongoDB, Power Query, DAX, and VBA Macros** on projects including **land price prediction** and **X-ray image classification (CNN)**.*

Data Science & Machine Learning Training

Excellence Technology, Mohali | Feb 2021 – Jun 2021

- Engineered **Python-based ML projects** using **TensorFlow, OpenCV**, and **NumPy,** building deployment-ready prototypes with **real-world data pipelines** and **visualizations (Matplotlib)** in collaborative team environments using **Jupyter, PyCharm, and Anaconda.**

Core Python Programming Training

Nordia Ventures, Mohali | Jun 2019 – Jul 2019

- Mastered core **Python concepts** through coding challenges and mini projects, building strong foundations in functions, **data structures**, and automation for future **data science applications**.

PROJECTS & CASE STUDIES

Personal Projects *2022 – 2025*

- **Netflix Recommendation, Ford Go Bike Sharing, Amazon Prime EDA & Retail Analytics** – Executed end-to-end analytics and ML projects **using Python (Pandas, NumPy, Scikit-learn), SQL, Power BI, Tableau**, applying EDA, clustering, predictive modelling, and dashboarding to deliver actionable insights.
- **Financial Statistics Dashboard System** – Designed an interactive financial dashboard to track **revenue, expenses, and profit margins,** automating inventory reporting with **Excel VBA** to reduce manual effort by 30% and support data-driven decision-making.
- **Esports Team Performance Analysis (PMGC 2023)** – Extracted and cleaned data from **Liquipedia using SQL**, and built **Power BI dashboards** to analyse team performance, win rates, and regional trends, improving competitive analysis and strategic planning.
- **Wellness Tech Growth & AI Detection Systems (Academic Projects)** – Built **Tableau dashboards with Google BigQuery & R** that drove a 20% increase in market penetration, and developed **real-time AI systems (OpenCV, TensorFlow, SSD MobileNet)** achieving 95% accuracy and 20% fewer false positives.

Wellness Tech Growth & AI Detection Systems (Academic Projects) *2019 – 2022*

- Analyzed industry trends with **Google BigQuery, R, and Tableau**, building dashboards that delivered market insights and drove a **20% increase in market penetration** through strategic recommendations.
- Designed and deployed **real-time AI systems** using **OpenCV, TensorFlow, and SSD MobileNet**, achieving **95% accuracy** and **20% fewer false positives** via COCO dataset integration and deep learning optimization.

EDUCATION

IK Gujral Punjab Technical University, Punjab, India ***June 2017 – Aug 2021***

B. Tech in Computer Science & Engineering; CGPA: 8.0 / 10

Bansal Classes & Motion Education, Kota ***Aug 2014 – Dec 2016***

Pre- Engineering, JEE -MAINS (Marks 103 – Yr 2016)

Mithila Institute of Technology, Nepal ***Apr 2012 – Jun 2014***

Higher Secondary Education (10+2 Science) ; Percentage: 62.8%

CERTIFICATIONS & ACHIEVEMENTS

- Oracle **Cloud Infrastructure** Certified Data Science Professional (Oracle Learning) Nov 2025 – Nov 2027
- Oracle **Data Platform** Certified Foundations Associate (Oracle Learning) Oct 2025 - Oct 2027
- Microsoft **Power BI Data Analyst** Professional Certificate *(Coursera,Microsoft)* *Mar 2024 – Oct 2024*
- Google **Data Analytics** Professional Certificate *(Google, 2023)* *Sep 2022 – Sep 2023*
- **Generative AI** for **Business Intelligence (BI) Analysts** (SKillUp EdTech , 2025 *Jan 2025 – Mar 2025*
- **Generative AI** for **Data Scientists** *(IBM, 2025, Coursera)* *Sep 2024 – Dec 2024*
- Introduction to **MongoDB** (MongoDB, Inc ,2025) *Mar 2025 – Apr 2025*
- IBM Applied **Data Science** Certificate *(IBM, 2023)* *Aug 2022 – Jan 2023*
- **Relational Database & Design** Certification *(University of Colorado Boulder, 2024)* *Oct 2024 – Dec 2024*
- **Python** for Everybody Specialization **with Honours** *(University of Michigan, 2022)* *July 2022 – Mar 2023*
